July 20th, 2020

Excellency,

It is my pleasure to inform you of my taking office as Chairperson of the Anti-Corruption and Civil Rights Commission (ACRC) of the Republic of Korea as of June 28th, 2020.

Before joining the ACRC, I was a member of the National Assembly in the 18th and 20th sessions. I practiced law since 1996 with a medical background and happened to take on a public litigation case for a group of hemophilia patients infected with HIV due to a tainted drug in 2003. That was the time when I got more interested in the socially vulnerable and has since been participated in many public and NGO works for the greater good.

I have assumed the leadership of the ACRC with a grave sense of responsibility. During my term, I will spare no effort to protect the rights and interests of the people from illegal or unjust administrative measures, and enhance transparency and integrity in the public sector and society as a whole.

This year, the ACRC, in partnership with the Transparency International, will host the 19th International Anti-Corruption Conference (December 1-4) under the theme of "Designing 2030: Truth, Trust, and Transparency". The biggest global anti-corruption conference will bring together all stake-holders from the public sector, private sector and civil society organizations around the world. I would like to kindly ask for your interest and participation in this meaningful global anti-corruption conference.

I hope that both our organizations continue to develop a strong and fruitful partnership in the future and wish you and your staff members well and safe under this global health crisis.

Sincerely yours,

Jeon Hyun-Heui
Chairperson
Anti-Corruption and Civil Rights Commission
