Mr. Ejaz Ahmad Qureshi
President of the Asian Ombudsman Association (AOA), and
Federal Ombudsman of Pakistan

Excellency,

My name is Ao Ieong Seong and I hope this letter will find you well and in good health.

On the past December 20th, the Macao Special Administrative Region (MSAR) of the People's Republic of China celebrated its 25th anniversary. On the same date a new Chief Executive as well as the holders of key public positions in Macao took over to serve a 5-year term.

I had the honor of being appointed as the new Macao SAR Commissioner against Corruption and I am totally committed to apply the best of my efforts, knowledge and experience in the leadership of the Macao SAR Commission against Corruption (CCAC).

The ombudsman area is of utmost relevance for the CCAC and the Macao Government strategies for the coming years. We all aspire to increasingly fair, upright, transparent and honest societies and the role of ombudsman's offices are extremely relevant paving the way to this common goal.

Transparency, integrity and honesty, are values that I am certain we share, and we will continue to pursuit in order to instill, amongst public workers and citizens, the conscientiousness needed for a healthy development of our societies.

Asian Ombudsman Association (AOA), whose work have been superiorly directed by you, and the role of the Macao SAR Commission against Corruption in its context, is of great importance for us.

As the new Macao SAR Commissioner against Corruption I would like to submit my compliments to you and emphasize my full commitment towards AOA, and AOA members, being fully available to participate and cooperate with the Association and its
